

Sugar Labs

Narrative Story

From: The President
To: The Tech Team

Tech Team! We have a crisis
and I need your help!

Tech Team: Dr. Crash's DeBrick Monster is trying to demolish Madison's computers! The Principal has asked your help to save the school's computers.

WHAT
HAPPENS
NEXT?

Using the list of words, **plan** out a short story about how the Tech Team helped Madison from Dr. Crash's DeBrick Monster. Use the three boxes below, and think of one verb and one noun for each box to plan out your story. For example:

- Box 1. Climb Madison
- Box 2. Alert Techbot
- Box 3. Defeat Debrick Monster

Define roles for your team: One person compose a musical soundtrack in TamTam, while two work in Etoys to draw the story for each scene.

Etoys Tips

1. Sketch objects separately.
2. Copy objects
3. Add texts
4. Use the record features in Etoys.

NOW PLAN IT HERE:
